

### **TEA Grassroots Organizers' Commitment**

Organizers will:

1. Assist local Legislative Contact Team coordinators in identifying TEA volunteers in their respective local Associations and organize periodic update meetings with those volunteers;
2. Assist in preparing a list of the names and contact information of local TEA members who have participated in local activities during legislative and political campaigns and would be good potential volunteers;
3. Meet with local leaders to encourage them to participate in political grassroots efforts;
4. Attend local trainings and other skills sessions that would benefit local legislative activities;
5. Volunteer to participate in and/or receive legislative/political contacts and information sharing;
6. Attend local meetings to educate members about TEA's legislative/grassroots efforts, accomplishments and challenges.

I will comply with the organizer's commitment expectations.
